

Butler County Memorial Park & Mausoleum

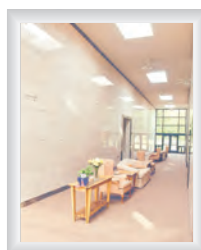

Where the memory of beautiful lives will be kept always

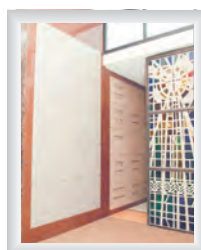

The memorial shown above is the newest and most detailed bronze memorial ever made. Available at Butler County Memorial Park & Mausoleum, the design features images provided by family members showing the various life stages this person has undergone.

Butler County Memorial Park has been the leading choice of Butler County residents for over seventy years. Since its inception in 1939, the cemetery has always been locally owned by local families. The current family owners purchased the cemetery in 1967 from another local family who retired. As a leader in their field, Butler County Memorial Park & Mausoleum has many choices to offer people regarding their final arrangements. Butler County Memorial Park & Mausoleum offers both traditional ground burial and regular above ground entombment. In addition, their newly expanded mausoleum has a warm, comforting environment and the mausoleum allows for visitation at the customer's convenience. Plus, for those who choose cremation, they offer many different types of arrangements, such as inurnment in the climate controlled mausoleum as shown below in the middle picture. Also, as a first to Butler residents, Butler County Memorial Park & Mausoleum is proud to offer lighted glass front cremation niches in their newly expanded mausoleum. These cremation niches, shown below right, offer the utmost in unique personalization by allowing you to design your cremation urn using photographs of your loved ones.

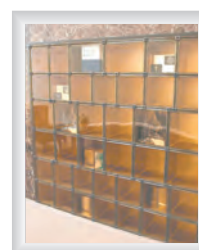

Each of us will one day have to address the difficult decision of what to do when a loved one passes away. Rather than waiting until that decision has to be made in a time of grief, many people choose to plan for this inevitable situation in advance so that choices can be made without the added stress of a recent loss. Each of us **MUST** face these decisions at some time, but perhaps the weight of those decisions can be reduced if you plan ahead and call the experienced people at Butler County Memorial Park & Mausoleum to arrange a tour of their beautiful mausoleum or their well manicured grounds. Call 724-287-5559. Phone answers 24 hours.
